ONLINE FACULTY EVALUATION SYSTEM FOR MARIANO MARCOS STATE UNIVERSITY

Thesis Title	ONLINE FACULTY EVALUATION SYSTEM FOR MARIANO MARCOS STATE UNIVERSITY
Author/s	Bernabe, K.A, Bugarin, M.J., Mangoma R.J., &Samili, C.J.
Year Graduated	2015
Degree	Computer Science
Accession No.	4633
Location	MMSU Main Library, Batac
Citation	Bernabe, K.A, Bugarin, M.J., Mangoma R.J., &Samili, C.J. (2015). <i>ONLINE FACULTY EVALUATION SYSTEM FOR MARIANO MARCOS STATE UNIVERSITY</i> . Mariano Marcos State University, Batac City, Philippines.
PDF	Download

Abstract

Abstract:

This study was conducted to develop an Online Faculty Evaluation System for Mariano Marcos State University in order to minimize the current manual process in evaluating faculty members. The system aims to standardize the data needed in evaluating faculty members.

Figure 7 shows the viewing of a thesis' information with an abstract. A student can also download a digitized copy of the thesis while guests are prohibited from downloading the pdf.

Figure 11 shows the page for viewing and editing a selected serial. Serials are ordered alphabetically and may be ordered by the admin with other columns by clicking a column tab.

Figure 12

Create Serial

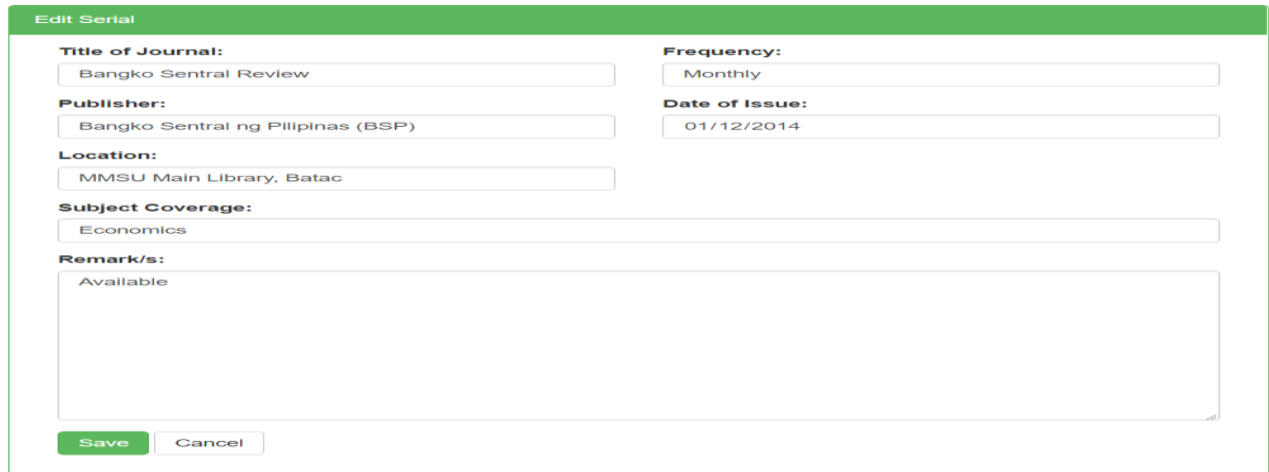

The 'Create Serial' form is a web interface for adding a new serial. It features a green header bar with the title 'Create Serial'. The form is divided into two columns. The left column contains fields for 'Title of Journal:', 'Frequency:', 'Date of Issue:' (with a placeholder 'dd/mm/yyyy'), 'Subject Coverage:', and 'Remarks:'. The right column contains fields for 'Title of Article:', 'Publisher:', and 'Location:'. At the bottom left, there are two buttons: 'Save' (green) and 'Cancel' (white). The 'Remarks' field is a large text area with a small icon in the bottom right corner.

Figure 12 shows the page for adding a serial. Needed information includes Title of Journal, Title of Article, etc. The admin can then save the inputted details and is notified with confirmation for submission.

Figure 13

Edit Serial

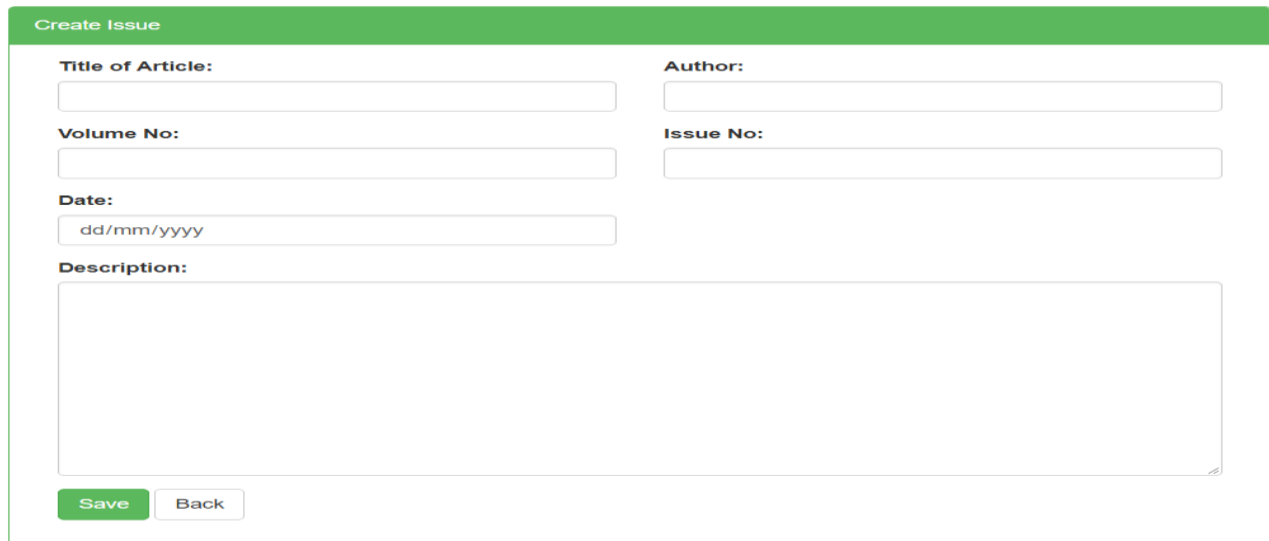

The 'Edit Serial' form is a web interface for editing an existing serial. It features a green header bar with the title 'Edit Serial'. The form is divided into two columns. The left column contains fields for 'Title of Journal:', 'Publisher:', 'Location:', 'Subject Coverage:', and 'Remark/s:'. The right column contains fields for 'Frequency:' and 'Date of Issue:'. The fields are pre-filled with the following values: 'Bangko Sentral Review', 'Bangko Sentral ng Pilipinas (BSP)', 'MMSU Main Library, Batac', 'Economics', 'Available', 'Monthly', and '01/12/2014'. At the bottom left, there are two buttons: 'Save' (green) and 'Cancel' (white). The 'Remark/s' field is a large text area with a small icon in the bottom right corner.

Figure 13 shows the page for editing a serial. The website displays the current information of the selected serial and can be edited by the admin by typing their changes and clicking the save button.

Figure 14

Create Issue

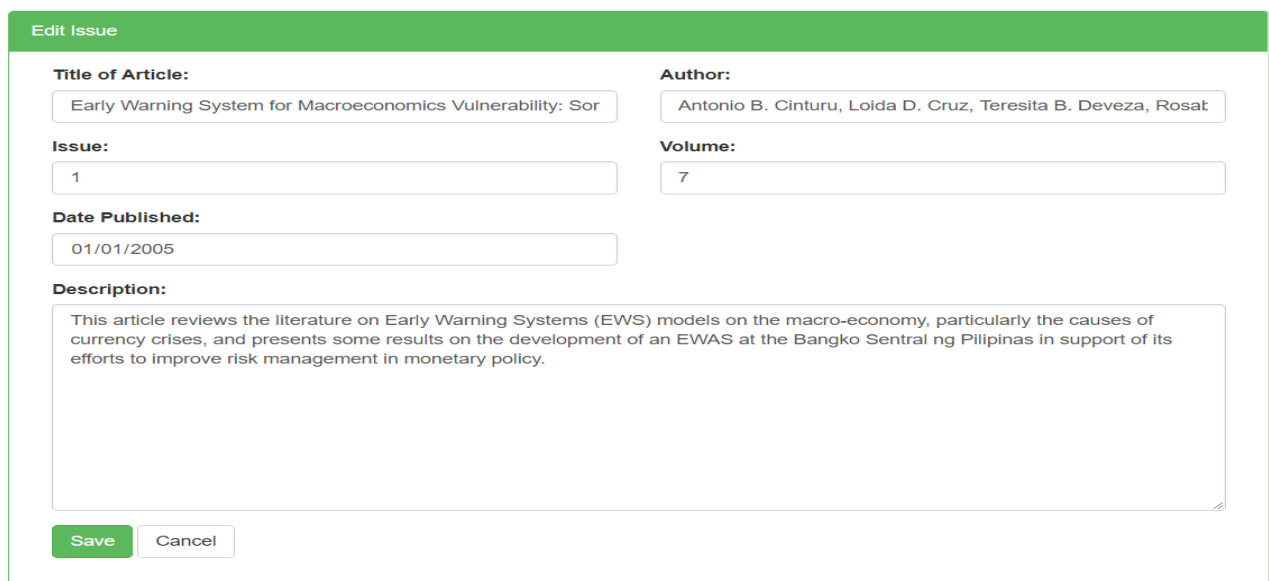

The 'Create Issue' form is a web interface for adding new serial issues. It features a green header bar with the title 'Create Issue'. The form is organized into two columns. The left column contains fields for 'Title of Article:', 'Volume No:', 'Date:' (with a placeholder 'dd/mm/yyyy'), and a large 'Description:' text area. The right column contains fields for 'Author:', 'Issue No:', and a 'Save' button. At the bottom left, there is a 'Back' button.

Figure 14 shows the page for creating serial issues. The issues will be saved under serials since it contains issues.

Figure 15

Edit Issue

The 'Edit Issue' form is a web interface for editing existing serial issues. It features a green header bar with the title 'Edit Issue'. The form is organized into two columns. The left column contains fields for 'Title of Article:', 'Issue:', 'Date Published:', and a large 'Description:' text area. The right column contains fields for 'Author:', 'Volume:', and a 'Save' button. At the bottom left, there is a 'Cancel' button. The form is pre-filled with the following data: Title of Article: 'Early Warning System for Macroeconomics Vulnerability: Sor', Author: 'Antonio B. Cinturu, Loida D. Cruz, Teresita B. Deveza, Rosat', Issue: '1', Volume: '7', Date Published: '01/01/2005', and Description: 'This article reviews the literature on Early Warning Systems (EWS) models on the macro-economy, particularly the causes of currency crises, and presents some results on the development of an EWAS at the Bangko Sentral ng Pilipinas in support of its efforts to improve risk management in monetary policy.'

Figure 15 shows the page for editing issues. The information of the issue is displayed upon selection for edit. The admin may update its contents

BODY POSITIVITY

Body positivity refers to the assertion that all people deserve to have a positive body image, regardless of how society and popular culture view ideal shape, size, and appearance.

APPRECIATING YOUR BODY IN SPITE OF FLAWS

A very important part of self-love is learning to accept your faults. Learning to accept the things that you don't like about yourself. We can hold our flaws in loving embrace. Look at them from the perspective of understanding. Compassion. Gratitude. Forgiveness.

FEELING CONFIDENT ABOUT YOUR BODY STOP TELLING YOURSELF

"I must start going to the gym or I'll always be fat and ugly," and focus on health and enjoyment instead.

POSITIVE AFFIRMATIONS

Give yourself daily, verbal encouragements and reminders. This may mean saying a kind thing to yourself in the mirror in the morning.

STOP COMPARING YOURSELF TO OTHERS

Comparing yourself to others can leave you feeling like you don't look the way you should, but you're not supposed to look like someone else; you're supposed to look like you.

#YOURBEAUTYISYOURBODY
